

## **NUS Extra cards for Staff 14-11-2013**

Proposed by Francesca Rust (President)

Seconded by Daryl Sharpe (Experience Officer, Cambridgeshire)

### **Union Notes**

1. NUS (National Union of Students) allow staff of the Students' Union and University to purchase NUS extra cards from their Students' Union providing they are classed as associate members of the Students' Union or the decision to sell to staff has been given permission through the decision making body of the Students' Union
2. Neither Anglia Ruskin University staff nor Students' Union staff are classified as associate members within the Students' Union Articles or Bye Laws.
3. The decision making body of the Students' Union is Union Council.

### **Union Believes**

1. Students and staff of Anglia Ruskin University and the Students' Union should all be allowed to benefit from discounts
2. Staff who have NUS extra cards will help promote the benefit of the discount cards to students
3. Staff will feel more engaged with the Students' Union which helps bridge the gap between students, staff and the Students' Union.
4. More NUS extra cards sold results in more income for the Students' Union which means more money going back into the student experience.
5. Staff will feel they are giving back to the Students' Union

### **Union Resolves**

1. Staff of Anglia Ruskin University and the Students' Union are allowed to purchase NUS extra cards from the Students' Union
