

# Vote

# Sammi Whitaker #1 for LGBT Conference

## A VOTE FOR ME

I'm Sammi Whitaker, I'm a second year Media Studies student with a passion for all things welfare and liberation!

Throughout my university career I've made it my first priority to make sure that our university is known throughout NUS and especially liberation groups surrounding NUS around the country.

I set up the feminist society Anglia Ruskin just over a year ago and in just one year I'm proud to say that our society was awarded 3rd best feminist group in the country! I'm used to representing our university on a large scale and I have a catalogue of wins for our university.

Electing me for LGBT conference would mean that you would be sending someone who already has connections within

NUS and the LGBT movement, making it much easier to get any and all results we need for our Anglia Ruskin LGBT student body.

Electing me would ensure that we send a delegate that already has experience of conferences and therefore can aid any other delegates when it comes to rules and procedures of conference.

Electing me for conference would help ensure that our very own SU Academic officer would receive active campaigning from an engaged student and in the hopes of seeing them be elected as the next Women's officer on the NUS LGBT Campaign, adding yet another accolade for Anglia Ruskin.

Sammi Whitaker—ARU Feminist Society  
President (3 years)
