

# Peter Price for **NUS LGBT** Conference!

Hi, I'm Peter, a Biomedical Sciences student who has been at ARU for three years now, and a **proud Bi person!**

I have been interested in LGBT+ activism for a long time.

During my time at ARU, I have represented LGBT+ people in several ways, including:

- **ARU LGBT+ Society:**

I was elected as a shadow committee member of the LGBT Society in my first year, as the Communications Officer last year, and I am now the President of the LGBT+ Society.

- **NUS Liberation Activist Training Day:**

I attended 'NUS Liberation Activist Training Day' this year, which was a great learning and networking experience!

- **Union Council:**

I have attended every Union Council this year, and have supported liberation & welfare policies such as Gender-Neutral Toilets, and Introduction of Portfolio Reps for Liberation/Welfare.

As someone who identifies as Bi, I am aware of the discrimination faced by being a minority within a minority, from the wider straight/cis population, as well as from the community that should accept you.

**This is why, if I am chosen as a delegate, I will run for NUS LGBT Committee (Bi place).**

I will do my best to represent **you** and ARU, and will do so proudly!

I will consult with students about the many policies put forwards to get **your** opinions heard. I will network with as many people as possible, promoting ARU LGBT+, and create contacts that will be beneficial to our students.
