

“Student Reps play an invaluable role in helping to make the experience at Uni as good as it possibly can be. Course representatives have played a key role in many of the positive changes of recent years - from the idea of bringing in more field trips, to making sure course materials are available on the VLE. The student rep can also help tutors to come up with solutions to problems and to help shape the future of the course. The importance of a good student rep really cannot be underestimated!”

**Tina Kendall, Course Leader for Film Studies**
